Product Overview

Simple to sophisticated! The key to employee recognition is our specialty. Custom-designed logos, shapes, and attachments are open to the imagination. We offer ready-made badges, custom badges, metal badge frames, and a host of badge hardware.

Standard Sizes

Available in 0.25" increments from .5"x3" rectangular to 1.5"x4" rectangular. We also offer special shapes from states, to corporate logos. Laser cutouts give us the flexibility to provide custom badges at traditionally low pricing.

Colors

With our full color process, we offer a minimum of 256 colors for background and copy. Your logo is scanned to provide a colorful quality badge every time.

Options

We can stock your badges ready to insert your name at a later date. Our badge program is very flexible to meet your needs. Once your logo is designed and formatted, our turnaround to add names is less than 24 hours. Badge adapters allow you to convert your standard badge into convention badges with the use of lanyards.
